P Parking & General Access

Outdoor parking is available to patients, physicians and employees both during and after business hours. The secured, multi-tiered indoor parking structure is accessible during business hours with an employee badge or by pushing the button at the front of the garage entrance. Once pushed, a staff member of Dameron’s Occupational Medicine Center can confirm your visit and remotely open the gate to the garage for you to park. The garage is completely secured and monitored by security 24/7 for your safety.
