

2020 RAPID STRIDES ACCELERATED RECOVERY KNEE REPLACEMENT PROGRAM

RAPID STRIDES KNEE REPLACEMENT INFORMATION SEMINARS

Dameron Hospital hosts seminars once a month to provide the community with information on its **Rapid Strides Accelerated Recovery® Knee Replacement Program**. Attendees will learn more from orthopedic surgeons on the causes of arthritic knee pain and when knee replacement surgery should be considered.

The seminar will also cover how Dameron Hospital's new Rapid Strides minimally invasive knee replacement procedure results in less pain and faster recovery times for patients, allowing them to return to active living as soon as possible. For those considering knee replacement, important next steps for patients will also be covered.
